EDUCATION

ASTRAL INSTITUTE OF TECHNOLOGY AND RESEARCH INDORE
COMPUTER SCIENCE BACHELOR OF TECHNOLOGY
CGPA: 7.9

July 2019 - May 2023
Indore, India

GOVT. HIGHER SECONDARY SCHOOL
MATHEMATICS XII
Percentage: 85.80%

july 2017 - June 2018
Shahnagar,Panna

SKILLS

PROGRAMMING LANGUAGES	C,C++ , Javascript, Object Oriented Programming Language
LIBRARIES/Frameworks	React.Js , Node.Js, Expres.Js, Bootstrap, Html, CSS, Rest API
TOOLS / PLATFORMS	Git, Github, PostMan, Visual Studio Code, LeetCode, 250+ DSA Problem
DATABASES	Mongodb, sql

PROJECTS / OPEN-SOURCE

PERSONAL PORTFOLIO SITE | LINK

React.Js, Node.JS,Mongodb,Express.Js, Bootstrap

- Developed a personal portfolio website using Node.js, Express.js, MongoDB, and React.js.
- Implemented dynamic content updates and seamless user experience with React.js.
- Designed and maintained a scalable MongoDB database for storing project and skill information.
- Created RESTful APIs using Express.js to interact with the backend database.
- Ensured responsive design and cross-browser compatibility for optimal user experience.
- Deployed the portfolio to [Hosting Service] for online accessibility.

E-COMMERCE MERN- STACK | LINK

React.Js, Node.JS,Mongodb,Express.Js, Bootstrap

- Developed a comprehensive e-commerce website with Node.js, Express.js, MongoDB, and React.js, featuring a range of functionalities.
- Implemented user authentication and signup, providing a secure login experience for customers.
- Designed and integrated an intuitive admin panel for efficient product management, allowing easy addition, modification, and removal of items.
- Engineered a dynamic product listing system with features such as price, rating, and detailed descriptions to enhance the shopping experience.
- Created a seamless checkout process, ensuring a smooth transaction flow for users.
- Deployed the e-commerce platform online, enabling users to access and interact with the website easily.

HONORS & AWARDS

- Leetcode 100+ days Coding challenge Badge in 2023
- Leetcode 270+ Data Structure And Algorithms Questions Solved
- 40+ Github Repository
